DONA ANA SCHOOLS ARE COMPLIMENTED

Las Cruces, N. M., April 19.—County school superintendent Vincent B. May, of Dona Ana county, has received a letter from James E. Clarke, the territorial school superintendent at Santa Fe, complimenting this county very highly upon the efficiency of the work being done in the county schools. Mr. Clarke especially stated that Dona Ana county was far ahead of any other county in the territory for this year in the matter of new school buildings, both completed and in process of construction.

A movement is now on foot to have a new school building in Las Cruces, making it large enough to accommodate all the school children, instead of having the pupils scattered out in three buildings, as at the present time.

AUTO CAUSES NEAL TO SPEND TWO NIGHTS OUT.

Las Cruces, N. M., April 19.—H. G. Neal, a civil engineer of Santa Fe, had a trying experience with a steam automobile and one which he will not soon forget. The machine belonged to Frank Owens, general manager of the Santa Fe water works and electric light system, and was in El Paso. Mr. Neal came down for the purpose of driving the car overland to the capital city, but was stalled in crossing San Antonio Pass in the region of mountains and compelled to lay out in the cold for two nights before he finally got the car in shape so that it would make the trip into Las Cruces.

ARREST TWO GIRLS ON WHITE SLAVE CHARGES.

Las Cruces, N. M., April 19.—Two girls, a Mexican and an American, who came here some time ago from El Paso, were arrested Monday by deputy United States marshal Billy Cassman, charged with violating the white slave law, it being claimed that they imported three Mexican girls from El Paso to this city. Monday afternoon Lopez were arraigned and their bonds placed at \$500 each, which was furnished. The hearing will be held here before U. S. commissioner Chaffee as soon as U. S. attorney Leahy can arrange to be present.

HERALD ITEM WIDELY READ.

Las Cruces, N. M., April 19.—Since the publication in The Herald of the account of the big cheese which Martin Lohman had ordered for use in celebrating the advent of statehood, Mr. Lohman has been fairly overwhelmed with letters concerning the matter. Monday he received from a friend, a broker in St. Louis, a clipping taken from a St. Louis paper telling all about the cheese, and the friend was after more information. This makes at least 50 letters or communications of other kinds which Mr. Lohman has had, all of them coming from widely different sections, and most of them mentioning The Herald as the source of information.

LAS CRUCES MINOR HAPPENINGS.

Las Cruces, N. M., April 19.—The adobes from the Mitchell building on Main street, which is being torn down to make room for a concrete and brick structure, are being used to grade Depot street between Main and Church streets, the street on this block being of very heavy sand.

MARRIED IN CRUCES.

Las Cruces, N. M., April 19.—Date A. Miller and Mrs. Jessie J. Palmer were married in this city Monday afternoon by Justice of the peace Manuel Lopez, leaving up the night train for Cutter, where they will make their future home. The groom is a mining engineer employed in the mines of that section, and his bride is of the same place.

SAYS MILITIA COMPANY IS IN EXCELLENT SHAPE. Las Cruces, N. M., April 19.—W. S. Barlow, captain in the United States army, now retired and holding the position of colonel at the New Mexico Military Institute at Roswell, was in Las Cruces Monday to inspect company A, of the New Mexico National Guard. Col. Barlow stated that company A was at the head of the territorial guard in efficiency just as it is in station. From here the colonel went to Silver City, and from there will go to Albuquerque, that city closing his tour of inspection.

DITCH TAX LARGE. Las Cruces, N. M., April 19.—D. V. Peacock, of this city, has paid out \$2000 for ditch taxes and water rights on his lands in the lower end of the county this year, most of it being for regular community and government ditch tax, the balance being used to secure water rights on the community ditches.

TO RUN THROUGH TRAINS BY MAY 1

Tucuman, N. M., April 19.—It is reported that the through train on the Tucuman and Memphis branch of the Rock Island will be put on the first of May. At present there is only one train, a mixed passenger, run each way daily from here to Oklahoma. The schedules will be ready by the first of the month.

W. W. Mayes, long identified here with law practice and other business, will leave Tucuman the first of next month to join C. W. Harrison, formerly of this city, where he was connected with the International Bank of Commerce, in the banking business at Pueblo, Colo.

R. P. Donohoo, clerk of the board of county commissioners, has issued a call for a special meeting Tuesday, April 25.

Hanksville have been distributed over town asking the public to turn out to greet the agricultural train of the Rock Island tonight. Lectures on dry farming and other subjects will be given both at the train and later on at the opera house. The banquet to the guests will take place at 11 p. m. at Caldwell's cafe.

PARSONS NEWS NOTES.

Parsons, N. M., April 19.—James Robinson has rented Ira Robinson's place this year on Kraut gulch and will move there soon to begin farming.

James Reeder and Theodore Reuter have gone to the Elephant Butte dam where Mr. Reeder will run a livery stable.

Will Sterling of Noral, N. M., is here gathering some of his cattle.

BABY PLAYS WITH FIRE; LOSES LIFE

Elmira Ramirez, the 3-year-old daughter of Mr. and Mrs. Manuel Ramirez, of 520 South Florence street, died Tuesday afternoon as a result of burns sustained in the morning and was buried in Concordia Catholic cemetery Tuesday afternoon.

Mrs. Ramirez left the little child at home alone while she went to mass at 7 o'clock in the morning and the little girl secured some matches and built a fire in a tin can by stuffing papers into it. The paper flames up and ignited the child's dress, which was almost burned from her body before neighbors, attracted by her screams, rushed in and beat out the fire, but not until her body had been horribly burned. A physician was summoned, but the child died after suffering for several hours.

PORT STOCKTON MAN IS MAKING HIS OWN LINE

Port Stockton, Tex., April 19.—W. B. Cowan, a contractor of Port Stockton, succeeded in burning a kiln of lime. He claims it is better than any that has been imported to this place, and he is going to manufacture all the lime that will be used in filling his contracts of plastering and clashing in the Orient addition.

The Prohibitionists, headed by the Rev. Mr. Eichelberger, held a meeting at the Methodist church.

The Mexicans of this town celebrated their "Sabado de Gloria" with a dance given at the courthouse. Many Americans were present.

A heavy rain interfered with Easter observance here. The Methodist church had planned a celebration, the church was decorated with flowers, raised in Port Stockton, the choir had been practicing some new songs, and although the rain was needed, it was not appreciated at this time by the would-be participants of the Easter celebrations. The rain lasted four hours.

BIG CROWD ENJOYS THE BAND CONCERT

The answer to the "What's the Matter With Father?" song that the Fourth cavalry band played and sang at the complimentary concert in Cleveland Square Tuesday night, applies to this same Fourth cavalry band. It is decidedly "all right," and was forced to repeat a number of the selections by the big crowd which filled Cleveland Square to hear the program of popular and military music. Bandmaster Quinto has a splendid musical organization and his control over the musicians is perfect.

The band concert was given as a compliment to El Paso people by Col. E. Z. Steever and an effort is being made to have the colored extent of the courtyard each week. With two military bands giving concerts in the square each week, music loving El Paso will be perfectly satisfied during the summer months.

HIDES OUT UNTIL HUNGRY; GIVES UP

Bisbee Starts Early Campaign to Prevent Typhoid Fever.

Bisbee, Ariz., April 19.—Henry Murphy, the negro who shot and killed Wesley Johnson several nights ago at the Silver Leaf club, a negro organization, came into the city and gave himself into the custody of officers, ending the game of hide and seek he has been playing with posers for three days. He was almost exhausted from hunger when he gave up.

Bisbee is beginning an early campaign for the prevention of typhoid in this district. Dr. F. R. Williams has called for 200 volunteers to be inoculated against typhoid and literature bearing on the disease is being distributed in all of the schools of the district.

Postmaster M. E. Cassidy has received notice from Washington to open the Bisbee Postal Savings bank on May 1. He has received all stationery and other equipment necessary for carrying on the banking business. The Miners' and Merchants' bank has been named the government depository for the postal funds.

Bisbee will soon have a branch of the National Boy Scouts of America. Twenty youths are now undergoing the tests for "tenderfoot scout" and 20 uniforms have been ordered by physical director Kitchell, of the Y. M. C. A., who has charge of the work here.

The Bisbee Rifle club, which is a member of the Pacific Coast Rifle league, will shoot a telegraphic match with the Pasadena (Cal.) club Sunday. This is the second shoot of the season in the league. Bisbee winning easily from Los Angeles in the first game.

Governor Sloan has named Dr. N. C. Bledsoe, as Cochise county delegate to the good roads convention to be held in Phoenix, April 22, and the board of county supervisors has named R. M. Ross of Bisbee and Bill Adamson of Douglas as additional delegates to the convention from this county.

COLD WAVE AND ICE UP AT CLOUDCROFT

Cloudcroft, N. M., April 19.—A cold wave struck the mountaintop and there was considerable ice to be found. In one place it measured a quarter of an inch in thickness, and scarcely thawed all day, on account of the cold wind.

After the services of the Sunday school were over a part of the school, accompanied by the band, went to the farm of Eli Moser, in James canyon for an egg hunt. The rest of the school consisting mostly of the smaller children went to Chautauqua canyon where a picnic dinner was served. The principal feature of the afternoon was the search for eggs which were hidden among the trees and bushes by the staff. Everyone found eggs and had a good time.

Charles Molt, who was lately appointed custodian of the park and supervisor of the water works, has been given charge of the electric light plant. Scott B. Williams will succeed him in the custodianship.

Friday's train was derailed down in Mexican canyon and was several hours late in reaching the top of the hill.

Will Harkness, who is employed at Elephant Butte dam, came home on business. He expects to return the first of next week, and to take his family with him.

The schools are preparing for the closing exercises to be held at the school house Friday night.

KEEP THE FIRES GOING TO PROTECT THE FRUIT TREES

Mayhill, N. M., April 19.—Orchard owners are running fires in their orchards. Some of the fruit was nipped Sunday morning when ice was one-quarter of an inch thick here.

A dance was held at the W. O. W. hall. Several couples from Cloudcroft were down.

W. C. Browning purchased Matthew McNatt's cattle at \$19.50 a head, and W. H. Edwards and G. W. Gamble, of Hope, bought 75 head of horses of A. I. Browning of the Felix, for \$12.50 apiece.

Easter picnics were held in the canyons. One at E. Mosier's, in James canyon, was well attended by Cloudcroft people and farmers. One was held also at Sulphur Springs, on the Pecos.

Frank Riggs sold his cattle and his ranch in three-mile canyon to his father, H. O. Riggs, and will go into business in Cloudcroft.

One lone Mexican tramp passed through Mayhill last Saturday, the first Mexican tramp has been seen in these parts since the trouble started in Mexico.

FARM NEAR ROSWELL SELLS FOR \$80,000

Improved Agricultural Land Around Roswell Brings Good Prices.

Roswell, N. M., April 19.—Wm. J. Walsh, representing an eastern corporation, has bought H. J. Thode's 391 acre apple and alfalfa farm, adjoining the townsite of Greenfield on the west and one and a half miles south of Dexter, for \$80,000 which is \$204.50 an acre. This farm is splendidly improved and one of the best in the Pecos valley.
